

# Tradeshows and Conventions

The Toronto Congress Centre hosts over 600 conventions and tradeshows annually and we rank among the top ten convention and tradeshow facilities in North America.

Our exhibit space can be divided into 10 self-contained halls, which offers the versatility and customization you need. The Toronto Congress Centre is located all on one level, thus allowing for easy access for exhibitors and guests. We have over 30 truck-level loading docks – most are covered, heated and trailer-lit with dock-levellers – allowing for seamless unloading and loading with direct access to the exhibit space. There are also several drive-in access points for cars and trucks to unload right onto the show floor.

You and your event are in the hands of experts at The Toronto Congress Centre. We are Great Experience Makers®, the best in the business and we are committed to helping you plan and execute a flawless and outstanding tradeshow or convention.
